SKILL HIGHLIGHTS

Azure DevOps, SQL, Postman, Manual Testing, Functional Testing, Integration Testing, Regression, JIRA, Effective Communication, Teamwork, Self-Learner, Conflict Resolution

LANGUAGES

English - B2

EXPERIENCE

ARROYO CONSULTING, SEP 2023 – PRESENT – QA LEAD

QA Lead with four years of experience.

Over the last two years, I've led QA efforts in agile environments, collaborating with cross-functional teams and managing the testing strategy for various projects. I've had the opportunity to work on a wide range of testing types, including functional, regression, and integration testing.

I also focus on mentoring team members, defining test cases, and ensuring that our testing efforts align with business goals. I'm comfortable working independently, adapting to new tools like Azure DevOps and Jira, and I always prioritize clear communication to ensure smooth delivery

Defined QA strategy and managed testing across manual and automated pipelines. Reviewed test cases, managed defect lifecycle, and collaborated with cross-functional teams.

POWERSOLUTIONS, FEB 2022 – JUN 2023 – QC TESTER

Led QA efforts in agile projects, executed test cases including functional, regression, UAT, and integration. Tools: Jira, Confluence, SQL Server.

PAY EVER, FEB 2021 – DEC 2021 – QA TESTER (FREELANCE)

Performed manual testing for an e-commerce platform, created test cases, and reported bugs. Tools: Postman, Jira, SQL Server.

SMARSOFTWARE, JAN 2021 – JAN 2022 – QA TESTER TRAINEE

Assisted with functional and regression test cases, reported bugs, and contributed to project timelines

EDUCATION AND TRAINING

TRICENTIS TOSCA FUNDAMENTALS (AS1 & AS2) – TRICENTIS – 2023

Acquired hands-on experience with Cypress for end-to-end web testing, covering test automation, assertions, and running tests in different environments.

TRICENTIS TOSCA FUNDAMENTALS (AS1 & AS2) – TRICENTIS – 2023

Learned foundational concepts of Tricentis Tosca for model-based test automation, including test case design, execution, and test management.

ADVANCED QA & TEST AUTOMATION – BUENOS AIRES EDUCATION AGENCY - 2024

Hands-on training in test automation using tools such as JMeter (performance testing) and Rapise (functional automation)

MANUAL AGILE TESTING - UTN - 2023

Hands-on course focused on agile testing practices, including test case design, exploratory testing, backlog validation, and collaboration in agile teams to deliver high-quality software.

SPECIALIZATION IN ADVANCED SOFTWARE TESTING - UTN - 2023

Comprehensive course covering advanced testing approaches, defect tracking, regression management, and introduction to automation tools to strengthen QA processes.

ADVANCED QA & FUNCTIONAL TESTING ENGINEER – UDEMY – 2021

Completed an in-depth course on advanced testing methodologies, including functional analysis, test case design, and quality assurance best practices

IES9001, ARGENTINA - ENGLISH AS A SECOND LANGUAGE TEACHER - 2019

Professional training in teaching methodologies for English as a foreign/second language, with strong emphasis on communication
